A place to step away...

Lake Aurora offers families and individuals the chance to step away from the distractions of life and focus on priorities.

Established in 1947, the Lake Aurora campus has grown from 20 to 84 acres. Designed originally as a youth summer camp, the programs now operate year round, serving young people through senior adults.

Through retreats and summer camp, obstacles are removed and replaced with opportunities to reconnect physically, spiritually, mentally, and socially.

Lake Aurora is a year round facility created and maintained by a professional staff. The staff is dedicated to providing exceptional service in programming and operations and a vision for the future.
