**2025
PROGRAM DIRECTOR MANUAL**

DEAR PROGRAM DIRECTOR,

In this manual you will find the information that you need to plan a program at Lake Aurora.

The following pages contain

- Schedules
- Activity offerings
- Information needed to recruit your team
- Policies that all Volunteers need to understand and implement.

By using the project check-list, you can stay on top of the parts of program planning and the dates that they need to be completed by. **This will help you alleviate last minute stress and help us be prepared for your program.**

Our theme this summer is **Spark**, and it starts our next three-year progression around a campfire. Some of the most meaningful moments that happen at camp occur around a campfire. In scripture, there are many stories that align with this concept.

For the next three summers, we're going to focus on the campfire itself and how it can be a metaphor for our walk as Christians. The "**Spark**" that occurs when the soul stirs and we realize our need for the Savior is just like the small **spark** needed to start the fire.

I look forward to working with you this summer as we help the **Spark** of Jesus begin to burn in our camper's lives!

Yours in Christian Camping,

Jason

**Teachings should focus on salvation and
our need for
a Savior.
The heart of the Gospel.**

- ? **Campfire** Lights out should be adjusted so that campers are able to get adequate
- ? **Lights out** - sleep (**at least 8 hours**) to function in a camp environment.

NOTES

1. The **hour time frame** allows for transition from one activity to another. i.e. Counselors should **end an activity in time to transition** and be at the next activity period at its start time. (10 min)
2. Normally, classes should take advantage of outdoor meeting areas.
3. Plan "B's, C's & D's" are needed in case of rain .
4. Activities may be able to be scheduled at times other than noted *with advanced coordination*.
5. Devotion time will be run by Omega staff and will be after breakfast so you and your entire staff can meet (9-9:30am in Chapel).

Critical Components
that every camper should experience on a DAILY basis:

Critical Component	Objective	Special Instructions
Chapel	Worship and education	Teach missions or combine with social issues or life application.
Small group Bible study	To familiarize them with the Bible and show them that they can study the Bible on their own	Make sure each camper is holding a Bible. Please let your program support know if you need extra Bibles for campers. Study directly from the Bible so they know how to use the Bible when they go home.
Social issues	To make Biblical teaching relevant to today's issues	Select issues that are age appropriate. Teach biblical truth, not opinions. Allow for good discussion. Can be action based, i.e., team building, service project, etc. Could bring in outside presenter. Avoid views that do not have consensus within the church.
Life Application	How to apply biblical principles or gifts to my home situation.	They need to know how to act like a Christian when they go home. How they fit into the church, how they help others, how they serve God at School, etc.
Swimming	Camper enjoyment	The camper probably came to have fun, help make that happen. Every camper MUST have an opportunity to swim each day.
Canteen	Refreshment break	Make sure to schedule it into each afternoon.
Vespers	A time to worship and hear a gospel presentation	This is the time to help them think seriously about their relationship to Christ. It should involve an age appropriate sermon. This is the time to challenge the camper to make those public decisions that help him acknowledge God before his peers.
Campfire	An end of the day reflection	Take the campers to a special place to help them process the events and teaching of the day. Should include devotional singing and inspirational thoughts. Light your own fires.
Meals	Physical nourishment	Make mealtime a good experience. Encourage each camper to eat and drink something. Arrive on time and leave on time for shift eating.

***Note - An optional 2 hour block** is available for campuswide programs, this will include the waterfront & high ropes only. Swimming, iceberg, blob, Kando Kevin, game room, & powerboats will be open to everyone at the waterfront. No powerboats will need to be scheduled during the rest of the day. Please see "Block Schedule Matrix" if choosing this option.

Friday Program Closing & Check Out for 6 day programs

Objectives:

- Process the “camp experience”
- Campers depart with great attitudes
- Campers/staff have an opportunity to debrief (share what they learned, decisions, memories, compliments).
- Campers have an opportunity to celebrate the Lord and what He did through the program.
- Campers receive a final challenge to apply what they have learned as they return to “real life.”
- Campers/staff have a planned opportunity to exchange addresses, autographs, e-mail, etc. and say good-bye.
- Parents experience an orderly pickup rather than chaos.
- Parents gain a concept of the program’s major themes, so they have a basis for conversation with their campers
- Campers leave behind a clean campus.

Note to Program Directors...

These are *suggestions* for planning a quality closing that ends at 2:00 pm Friday afternoon. Thursday closings will need to begin their process on Wednesday evening. It is **intended to provide concept guidelines** rather than a strict policy-- your program has the latitude to plan a day that will work for your campers. (Meal times/waterfront/ending are the only definite time frames.)

Activity Directors may bring additional small group activities & add to this list.....

*Ropes Courses - Not available in all programs. See Ropes Course Progression for availability and staffing.

****Service Projects** - Please consider scheduling each counselor group for a service project around the camp at least once during your program. We provide tools and materials to get you started; you provide an adult to supervise and motivate. Some programs help coordinate a specific project before their program begins. Please **contact Steve** at the camp **at least two (2) weeks before** your program to schedule a service project. Steve@lakeaurora.org

FISHING

at Lake Aurora

Equipment

Lake Aurora keeps from 6 to 10 cane poles at the entrance of the Farquahr Deck. Extra hooks, line, and floats are kept inside Pt Aurora. Please be sure they are put back in holders and report any repairs needed to Program Support.

Location

Fishing can take place from the Farquahr Deck, the power boat docks or from boats. Fishing is NOT allowed in the swimming area or from the swim docks. Campers who wade to fish must be accompanied by an adult trained in water rescue techniques, and not enter water deeper than their waist.

Staffing

Lake Aurora does NOT provide staff for fishing supervision or set up.

Fishing does require supervision, and each program will need to supply their own supervisor. It is suggested that the supervisor be someone who enjoys fishing, is able to bait hooks, and is able to coach technique. It works best if the same person does the supervising throughout the entire program, so they can keep the equipment repaired and ready for use.

Bait

Lake Aurora does NOT provide live bait, but may be able to provide bread. Live bait can be purchased in town and is the responsibility of each program.

Caution

- **Hooks are dangerous, so please provide firm and constant supervision.**
- Water can be hazardous, so please keep those fishing safe. Campers fishing from boats must wear life jackets.

Official Tournament Rules of Carpetball

Set Up

1. 2 players - one at each end of table
2. Place 5 balls at each end of table in  pattern.
3. White cue ball is to throw to opposite end.

Rules of Play

1. Scratch of any ball will result in automatic loss of game.
2. In case of tie each player returns one ball to center spot for playoff.
This will continue until one player is eliminated.
3. A complete game shall consist of an equal number of throws by each player.
4. Each player must throw the cue ball from inside the throwing box.
5. No player will be allowed to move his carpetballs to improve his throw.
6. No carpetball shall be reset except those knocked outside of the

Elimination

1. Breakdown for team champion is done by single elimination.
2. Breakdown for camp champion is best two out of three.
3. Campers only are eligible for games.

Definitions

THROW: anytime a cue ball leaves the hand of a player

STRIKE: anytime the carpetball is legally knocked into the pocket and remains in said pocket

SCRATCH: whenever the cue ball or carpetball leaves the table

**Roller Racers available for
2,3,4 grade through 3,4,5 grades only**

Roller Racer Games

Roller Tag: The game is played the same way as regular tag, except that each player is riding a roller racer while playing!

Roller Polo: This game is played like floor hockey, but using shorter sticks and a small ball. Each player must remain seated 😊

Ultimate Roller Frisbee: A Frisbee (or Nerf football) is advanced by throwing it to the other team members. The player holding the Frisbee cannot advance on his/her own—they must come to a stop after each catch and then advance it by throwing it to another team member. It is okay to throw either forward or backward, as long as it is caught.

The goal is to cross a touchdown line without letting the Frisbee touch the ground or be intercepted by the other team. If the Frisbee is ever dropped, it automatically goes to the other team.

Obstacle Course: Requires one Roller Racer for each team of players. Create an obstacle course using cones, fun-noodles or other objects to weave around. Time the course for extra fun!

Roller Races: Use the Roller Racer to race other players, get creative and try passing off a ball, or “push” races that require two people per Roller Racer.

Pedal Go-Karts

TRACK RULES AND SUGGESTIONS

Kids and adults love to ride the karts, they love the wind in their hair and to feel free! Rules should focus on safety and keeping riders free to have fun! If possible use positive words and focus on what participants CAN do instead of what they CAN'T. Since children (and adults) can only remember a couple of things at a time - limit rules to the most important.

RULE SUGGESTIONS

Use all or choose a couple you believe to be the most important:

- ★ Drive Safely!
- ★ Have Fun!
- ★ Ride when track attendant is present
- ★ Ride on track to which you meet height requirement
- ★ Stay on your kart while on the track - if you need help call the attendant
- ★ Ride in the same direction as other riders
- ★ No bumping
- ★ In order to keep all riders safe, riders who violate any rule should be removed from the track

We suggest that an attendant *verify* that each rider knows how to and *is able* to stop

Staffing:

This is an Omega-led activity for instruction. Counselors are needed to stay with their group as it is the counselor's responsibility to ensure safety measures are followed. May modify lap number for safety reasons per age group.

Age Requirements: This activity is available for 6,7,8 grades and younger. Size and weight of camp may limit participation. There are two different size carts. One for smaller/younger campers and one for older campers.

Safety:

Counselors must be present and in control at all times.

Helmets are required for play

A horn blow or whistle may be used to get riders attention to get on/off the karts

HOW TO PLAY CAPTURE THE FLAG LAKE AURORA STYLE

GET ALL TWELVE PIECES OF GOLD on your side of the line to win!

DROP YOUR BOPPER before you cross the line to steal gold.

CAPTURE PEOPLE by tagging them with your bopper when they step onto your side of the line.

GO TO JAIL when you are captured. Put your hands up so you won't get bopped unnecessarily. Wait at the jail until you get rescued!

GET RESCUED FROM JAIL when someone on your team comes and tags you without being caught. Everyone touching jail goes free. Yes, you can form human chains as long as one end is touching the jail.

GET A FREE WALK BACK FROM JAIL for the rescuer and the rescued people. Put your hands up so you don't get bopped. Don't steal gold on the way back — you're back in the game when you touch your side of the line.

GOLD IS SO HEAVY you can only carry one piece at a time.

IF YOU GET TAGGED WHILE CARRYING GOLD you are captured, but you get one last chance to throw the gold away. If your team gets it, they can try to get it to your side of the line. If the other team recaptures it, they put it in one of their bases.

PUT CAPTURED OR RECAPTURED GOLD IN ANY OF YOUR BASES, but don't just pick up gold from one base to move it to another.

GUARD YOUR GOLD, but NOT by holding it, standing on it or standing in the base.

BASES ARE NOT A SAFE ZONE! They are just bases for the gold.

TAG WITH A BOPPER, not by throwing your bopper, tagging with your hands, carrying more than one bopper, or tagging the face or head. No tags above the neck!

USE TEAMWORK AND STRATEGY AND YOU WILL WIN!

Lake Aurora Ropes Courses Progression

Usage and Facilitators

Lake Aurora has four rope course experiences available to campers at various ages and progressions: the Challenge Course (low ropes), 30 ft Double Zipline with stairs, the Giant’s Swing (50 ft high) and 40 ft Canopy High Ropes Challenge.

The chart below will explain at what age each experience is available and what time of the day it could be scheduled. Training is available and a must (prior to summer camp) for the Low ropes if it will be your program’s objective to get every counselor group through the Low Ropes.

Program	Low Ropes	Double Zip	Canopy High Ropes Challenge	Swing
L567		Up to two periods		
L678	Period I x 2 Facilitators Period II x 1 Facilitator	Up to two periods	One to two periods 2 Facilitators	Up to two periods
MAC	Period I & II x 2 LA Facilitators + 1 volunteer staff Choice of Low Ropes, Canopy, OR Swing/Zip			Period I 1 Facilitator
Survival	1 evening x 2 LA Facilitators + 1 volunteer staff Choice of Low Ropes, Canopy OR Swing/Zip OR Canopy			Period I 1 Facilitator
L912	Program Self led Get 2-3 Program staff trained prior to summer.		Morning hours x 2 LA Facilitators + 1 volunteer staff Period IV & V x 2 LA Facilitators + 1 volunteer staff Choice of Swing OR Zip OR Canopy & New addition to Canopy	
Aquatics	Program Self led Get 1-2 Program staff trained prior to summer.		1 Morning x 2 LA Facilitators + 1 volunteer staff Choice of Swing OR Zip OR Canopy	

For example... L678 using L.A. Facilitators, they can run two counselor groups through in Period I and one counselor group through Period II. If they want to run more counselors groups through the low ropes, **the Program Director would need to recruit staff that would be willing to get trained on our Low Ropes course prior to summer camp. Call the camp to set up a training.**

Laser Tag at Lake Aurora

Available starting with 567 programs and older. Optional sign up.

Programs 567 and up need to build a two hour block into their schedules for this program.

Normally a 2 hour morning block with swimming in the afternoon and a 2 hour afternoon block for those swimming in the morning.

- Referees required in all types of field play
- Signed waiver required for all players
- **\$10 summer camp usage fee.**

CAMP FORMS

SOME MATERIALS ONLINE AND NOT PRINTED HERE

The following rules are sent to the campers in a slightly different format with their confirmation information. They have signed a pledge on their registration cards that they would abide by these rules.

This atmosphere acronym is explained on Sunday afternoon to the campers at orientation.

Rules for creating a good

A - T - M - O - S - P - H - E - R - E

1. ATTITUDE

Christian conduct and character are expected to be evident at all times. - **This includes counselors.**

2. TIME

You will be expected to follow the schedule and be on time. - **Help counselors understand it is their responsibility to get campers to their activities & bells are not rung. Wear a watch!**

3. MISSING

You will not be permitted to leave the grounds except for scheduled excursions. **Counselors need to clear any off campus ventures with the Program Director.**

4. ON AND OFF

Your dress should be of a modest nature. The standards of the world are not the standards of Lake Aurora. This especially includes swimsuits. -- **Counselors/Program staff have the opportunity to teach modesty and can ask campers to change or put a dark colored T-shirt on. Counselors are expected to have modest dress as well. [See Focus 6.](#)**

5. SICKNESS

All sickness and accidents must be reported to your counselor or camp nurse promptly. **(Counselors should ensure that all medication is turned in and administered through the nurse.)**

6. PROMOTION

Shirts and clothing promoting alcohol or tobacco products, with suggestive statements, grotesque scenes, or other graphics not consistent with a Christian environment may not be worn or displayed. This will include bumper stickers and signs on vehicles.-- **Campers can be told to change - again, a teaching opportunity.**

7. HEALTHY

Tobacco, alcoholic beverages, illegal drugs, and other such products are not permitted. **Camp staff has the right to search with proper procedures. Notify Dir. of Summer Programs.**

8. EDUCATION

To aid in creating a good environment for learning, electronic equipment (“gameboys”, Ipods, etc.) & wifi enabled electronics (Smart watches) should not be brought and if brought, will be confiscated for the duration of the program. -- **Labeled & stored for safe keeping for program duration & then returned.**

9. RIGHTS

While at camp your rights will be determined by The Golden Rule of Christ. Christianity is and always has been a religion that was based on one “denying ones self”. This principle will affect what you say, what you do, what is expected out of you, and what you can expect out of others.

10. EMERGENCY

Telephone usage by campers will be for emergency use only. Campers should plan to communicate with their parents and friends by writing. -- **Cell phones are NOT permitted & can be removed and stored for the duration of the program.**

Lake Aurora High Five Contract

5 tips for creating a great camp atmosphere

Who doesn't love a high five? What better way to help celebrate campers experience and reinforce the positive lessons that campers have each day than a high five? As campers go through their day, even with 100's of other campers and counselors around, it is so important that each camper is challenged and then celebrated.

The High Five Contract takes this interaction between campers and counselors to a new level that allows us to keep the basics of camping in mind. ***Safety First, Respect, Love, Try and Have Fun!***

Safety First!

1. Safety First - Always. In everything we do. While Lake Aurora's mission is to meet all campers where they are and lead them to Christ. We have no greater job each and every day than to ensure our campers physical and emotional safety.

Creating an environment where every child is recognized as a child of God and helping them see the beauty in themselves is the goal of every Lake Aurora program and should be the goal of every interaction between campers and counselors.

Add this philosophy to the risk management procedures we already have in place and we can create a safe place for kids to be themselves.

Respect!

2. Respect - This is simply respecting the 3 P's. Person, privacy and property. Creating a place where campers are not only loved but respected as individuals AND as decision makers, we are able to have a maximum impact on those campers. Campers are also encouraged to respect each other. Campers should be free from bullying and peer pressure in a camp environment.

Love!

3. Love - Love is the basis of our Faith. It is what Jesus showed in every interaction he had with people. Therefore, we should love all campers. Especially the ones that are hard to love. As we show love and acceptance to all campers equally, so will they reciprocate that love to one another.

Try!

4. Try - At Lake Aurora we always "challenge by choice". We use this phrase to allow campers to realize that anything risk they take is by choice and that we are here to simply support them. Getting campers out of their comfort zone allows them to build trust with others and with God.

Have Fun!

5. Have Fun! - This is the most critical part of the High Five Contract. If the other 4 components are there, then this is the easy one. In an atmosphere where campers are safe, respected, loved and challenged, they can't help but enjoy every minute of their camp experience and then take that experience, along with the lessons they've learn, back home to impact their homes, schools and churches.

Decision Cards...

Vital tool in providing follow-up for those making decisions.

Please note the following:

- ⇒ Adult must complete card to ensure accuracy.
- ⇒ Chaplain or other Administrative team member should note contact information on back of card (i.e. left message, answering machine, no answer, etc.) including the date and time.
- ⇒ Once contact has been made, the name of the parent granting/denying permission should also be noted on the card.

Attention Chaplain:

The Chaplain should read Focus #5 ANNUALLY prior to the camp program to refresh their memory on procedures and policies regarding Life Decisions at camp.

Food Service Requests

Please let the camp kitchen know in **advance of your program (at least 2 weeks prior)** what special needs or requests you have for the kitchen. This may be a banquet request, dorm treats for best dorm, picnic, etc. Any questions can be emailed to [Liz Kretzer at Liz@lakeaurora.org](mailto:LizKretzer@lakeaurora.org). Meals can be a great continuation of your themes. Ask how it can be enhanced. Some limitations based on “progression of camper experiences” and/or budget.

Please also note any special medical health needs regarding food that staff/counselors may have.

Recruiting a Lakeside Team

Lake Aurora selects Program Director

Program Director should next select:

⇒ **3 Volunteers for the Basic Administrative Team.... (See Focus #1)**

Asst. PD - Assists the PD & be the primary coach & encourager of counselors

Activity Director - Organize daily activities, & coordinate & support counselor schedules

Chaplain - Will preach, teach, coach counselors, counsel campers with spiritual decisions

⇒ **2-5 volunteers for Optional Additional Administrative Team (See Focus #1)**

Worship Leader/Team

Teachers... (If counselors will not be teaching Small Group Bible Study)

Missionary

Team is responsible for training the Counselors... using “Focus Series” #1-#7, Protocols for ministering to campers, Recommended Reading resources, time on campus.

To aid in recruitment, select your administrative team first and let them help recruit counselors.

The camp receives notice and applications from individuals and parents wishing to work in programs. We will forward their application to you but we are still counting on you and/or your team to screen volunteers for suitability by checking references on those you do not personally know. Some churches require someone from their church attend with any youth attending. Please try to accommodate this philosophy.

⇒ **18 Counselors needed for programs L345 and up (See Focus #2 for qualifications)**

8 Male counselors

10 Female counselors

(L123 is limited to 75 campers - 1 counselor for every 5 campers)

⇒ **Paperwork needed on each volunteer** including workers under 18. Yearly online volunteer worker application required. Screening expires after 5 years. Check status with camp office.

New counselors or volunteers not in attendance last summer must turn in all of the following...

- 1) Lake Aurora ONLINE Worker Application - includes health form
- 2) Completed DIGITAL Fingerprinting (AHCA DCF Clearinghouse)
- 3) Affidavit of Good Moral Character
- 4) FDLE Request form completed for submission (Online form)
- 5) Copy of Driver's License

Assign to Housing units and counselor groups using “Worker Assignment” Sheet...

Counselors who are bringing dependents or need to have specific campers (including their own child) in their dorm/counselor group, need to **submit those camper names to the camp office 3 days prior** to the program beginning!!! VERY IMPORTANT!

- ⇒ Each Dorm is reserved 2 counselor beds and 2 auxiliary staff beds. If you do not use the auxiliary beds we will release them for camper beds. The registration department will call you if the program is filling to that point.

Once we receive your housing assignments we will not switch counselors from dorms or A/B groups. **If requests to switch are made from counselors**, clearance will need to come from you, the P.D.

Recruiting a Hillside Team

Lake Aurora selects Program Director

Program Director should next select

(The Hillside campus can be more flexible. This team can “wear more than one hat” but, counselors should not wear an “administrative hat” and vice versa. It is advised to have at least 3 persons on the administrative team. This would include the Program Director and 2 other adults to carry the various roles of Director, Activity Director, Chaplain, Missionary, Music, etc.)

1-2 Volunteers for the Basic Administrative Team.... (See Focus #1)

Asst. PD Activity Director Chaplain

1-2 volunteers for Optional Additional Administrative Team

Worship Leader/Team

Teachers... (If counselors will not be teaching Small Group Bible Study)

Missionary

Team is responsible for training the Counselors... using “Focus Series” #1-#7, Recommended Reading resources, time on campus.

To aid in recruitment, select your administrative team first and let them help recruit counselors.

The camp receives notice and applications from individuals and parents wishing to work in programs.

We will forward their application to you but we are still counting on you and/or your team to screen volunteers for suitability by checking references on those you do not personally know. Some churches require someone from their church attend with any youth attending. Please try to accommodate this philosophy.

9-10 Counselors needed for programs H456 and up (See Focus #2)

4-5 Male counselors (dependent of gender split of campers)

4-5 Female counselors

(12-14 Counselors needed for H234s) 1:5 ratio = 3 counselor groups per cabin

Paperwork needed on each volunteer including workers under 18. Yearly online volunteer worker application required. Screening expires after 5 years. Check status with camp office.

New counselors or volunteers not in attendance last summer must turn in all of the following...

- 1) Lake Aurora ONLINE Worker Application - includes health form
- 2) Completed DIGITAL Fingerprinting (AHCA DCF Clearinghouse)
- 3) Affidavit of Good Moral Character
- 4) FDLE Request form completed for submission (Online form)
- 5) Copy of Driver’s License

Assign to Housing units and counselor groups using “Worker Assignment” Sheet...

Counselors who are bringing dependents or need to have specific campers (including their own child) in their dorm/counselor group, need to **submit those camper names to the camp office 3 days prior** to the program beginning!!! **VERY IMPORTANT!!**

⇒ Each Dorm is reserved 2 counselor beds and 2 auxiliary staff beds. If you do not use the auxiliary beds we will release them for camper beds. The registration department will call you if the program is filling to that point.

Once we receive your housing assignments we will not switch counselors from dorms or A/B groups. **If requests are made from counselors**, clearance will need to come from you, the P.D.

ONLINE WORKER PAPERWORK ACCESSIBLE AT

[REGISTER.LAKEAURORA.ORG/HR](https://register.lakeaurora.org/hr)

All summer volunteers will need to create a login unless they already have a Lake Aurora login from previous summers or used when registering campers as a parent or leader.

Once logged in, click “apply now” and choose “2025 Summer Camp Volunteers”

The entire paperwork process other than fingerprints and the Affidavit of Good Moral Character is done through this site.

PLEASE NOTE: All volunteers, even returning workers, must fill out the online volunteer paperwork. **If volunteers filled out the online paperwork last year, everything will be auto-completed and only needs to be updated. Look for current year application.**

Once the online worker paperwork has been filled out, the applicant will receive an email with directions to complete the background screening including fingerprinting. If you are unsure of your background screening status, please contact us at info@lakeaurora.org.

Core training for the Focus Series is REQUIRED of all workers. Make sure returning workers read over the information each year to refresh their memory. Especially in the areas of counseling, discipline and spiritual decisions. 2023 Protocols for ministering to campers is REQUIRED reading.

Fingerprinting is REQUIRED PRIOR to being in contact with children. Even counselors 16-17 years old.

Exception to fingerprinting-

- Public school teachers with a letter submitted to camp on official letter head that they are in good standing.
- Prior Fingerprint through DCF/AHCA - names submitted through clearinghouse to verify. Most child care agencies and medical staff are in this Clearinghouse and we can access their prints if they complete the Clearinghouse forms.
